ROADS

Paving your way...

Our Company foundation is built on a strong commitment to Quality, Safety, Innovation, Flexibility, and Customer Satisfaction. Our many awards attest to this fact.

Our mission is to be the asphalt paver of choice for our customers, provide a stable employment environment for our people, and exercise a reasonable balance between risk, integrity, and profitability.

Safety is a way of life at Al Nuaimi Group Roads & Infrastructures Division.

Paving your way...

AL NUAIMI GROUP LLC

www.alnuaimi-group.com

Al Nuaimi Group LLC is one of the largest Conglomerates in the United Arab Emirates with its influence spreading into the GCC countries through its business activities. Its main areas of business are in Aluminum and Glass, Application Engineering, Construction, Roads and Infrastructure, Foundations and Piling, General Transport and Ready mix Concrete. "One stop construction solutions" is not just our tagline. It's at the core of everything we undertake. At Al Nuaimi Group LLC, we're here to be your most trusted resource to ensure that your construction requirements meet the correct operational and performance requirements. Backed by our long industry experience and remarkable expertise with mission and commitment, we focus the specific needs of each project and provide high quality, cost-saving solutions to our clients.

Al Nuaimi Group LLC is a family concern rooted in the simple values of prompt response and strong customer satisfaction. The quest for quality, work ethics, and complete dedication are our core values. We use our years of experience to delight you with the ease of the construction process. Our team of professionals provides you quality work with complete satisfaction. Among the projects completed by us are the Abjar Tower, Twin Tower, Flex Commercial Tower, RAK Chamber of Commerce building, Emirates Islamic Bank Building, Federal Electricity & Water Authority Offices, RAK Mall, Mantled Athletic Hall at IAT RAK, Police Station Buildings in RAK, the Arabian Automobiles Showroom in RAK, Number of highways and road projects for the Ministry and other government departments, etc.

The success of the Group has largely been due to its ability to forge Long Standing Alliances and joint ventures as well as healthy business practice through integrity and commitment. These relationships have been carefully nurtured so that Al Nuaimi Group LLC now touches the lives of people in the U.A.E. and other GCC Countries in many different ways. The key factor of continued success of Al Nuaimi Group LLC is our effective use and development of the knowledge, skills and attitude of all our employees.

ABDULLAH BIN AHMED AL NUAIMI
CHAIRMAN

“One stop construction solutions”, It is not just our tagline. It is at the core of everything we undertake. Al Nuaimi Group LLC , we are here to be your most trusted resource to ensure that your construction requirements meet the correct operational and performance requirements. Backed by our long industry experience and remarkable expertise with mission and commitment. We focus on the specific needs of each project and provide high quality, cost-saving solutions to our clients.

To embark on a journey of success one needs the tools of preparedness, foresight and strategy. These lead to the path of growth and high quality operation. It is imperative to combine these three forces in an industry. All the way through the 39 years of experience, we identified some core values and base our management on these simple values of Integrity, Professionalism, Team work and People care.

RASHED ABDULLAH AL NUAIMI
C.E.O.

Al Nuaimi Group LLC founded in 1974, and have vast experience in roads, buildings, foundations and piling, ready mix concrete, transportation, high voltage electrical contracting works etc. The company has its command technical manpower and is well equipped with the latest machinery, and as such is in a position to execute projects of complex nature with utmost perfection. Having full fledged in-house designing, engineering and logistic facilities and experience in successfully executing projects. Al Nuaimi Group LLC has been positioned to be a leader in the field of construction in UAE & GCC Market. We are committed to deliver cost effective, timely and technically superior solutions.

Our company has adopted the modernization as a policy to improve plants and equipments by importing a latest updated technology in this field and by adopting a quality management system compliant with ISO9001: 2008 International Standard. "Quality is never an accident. Quality is the result of intelligent effort." Due to our continues efforts in quality we are certified by ISO bodies as ISO 9001: 2008 standard by TUV.

MACHINERIES AND CAPACITY

PAVING YOUR WAY....

We are fully aware that projects do not only consist of an engineering component, but that financial - social and environmental, issues play a major role during planning and implementation stage. Project monitoring at all times with our qualified personnel to ensure product conformity to applicable standard.

We are committed to and consider our client as first priority. We believe that our Clients are key to our success and continued business innovation. It is for this reason that, we will continue to be advised by their needs and respond thereto by providing them with the very best service, in meeting their objectives within reasonable time, budget and quality.

We transfer skills where needed during our operational activities to potential sub-contractors in all construction activities where possible depending on the Client's needs, without sacrificing quality and standards. We will advise the Client's on outsourcing, such activities as and when required during project planning and implementation – with the full engagement of the Client directly, in pursuant of the above objective.

Scope of Experience Since its inception, the company has gained experience in various projects and subsequently grown into a fully-fledged construction company capable of handling all projects of varying sizes, discipline and value. The company works in close association with highly qualified engineers, quantity surveyors and designers.

Paving your way....

OUR VALUES

The values, which underpin all our business activities, include:

Leadership -

We believe in strong, visible leadership and will promote leadership qualities at all level of our organisation.

Teamwork -

We value the contribution of all our employees and we encourage and promote a team spirit throughout our organisation.

Profitability -

We will promote growth and enhance profitability and create a rewarding work environment for all our people.

Quality -

We believe in providing and promoting products and services of the highest international standards of quality.

Respect and caring for individuals -

We treat our employees fair and equal in all our activities and professional relationships.

Growth and size -

We believe that future success depends on the identification of different growth markets, and we will promote business activities that meet the needs of these markets.

Employee development and growth -

Our employees are our greatest assets and we will support their development and active participation in the growth of the Group.

Recognition and achievement -

We will create a culture of achievement, which motivates and empowers our workforce.

Ethical and legal behaviour -

We conduct our business with honesty and integrity with due regard to local and international legal principles.

GENERAL

As we aim international leading construction, Al Nuaimi Group LLC is intent on carrying out activities, which focus on ensuring that the quality of our projects meets the expectations of our clients.

OBJECTIVES

We will ensure that our quality management system is used as a management tool, in connection with tendering, contracting, designing, planning, executing and handing over of the works.

We will ensure that our Quality Management System is continuously developed based on experience in practice with use of the system and that the system, as a minimum, always complies with current legislation and other regulations.

We will ensure that the Integrated Management System, including quality management, is used so that we prevent mistakes and avoid cost demanding failures and damages.

We will ensure that the works are handed over without deficiencies and that notices of defects are answered immediately and remedied as soon as possible.

The works will be carried out with qualified employees, consultants, sub-contractors and suppliers, to the full satisfaction of our interested parties.

RESPONSIBILITY AND ASSIGNMENTS

The Board of Management and Divisional Management shall observe the Quality Policy. In liaison with Health, Safety and Quality, Management shall communicate the group objectives and ensure that they are met.

GENERAL

As we aim international leading Construction Company. Al Nuaimi Group LLC is intent on carrying out its activities with focus on the impact upon the environment. Compliance with current legislation and other environmental requirements, especially our clients' requirements and expectations, is the basis for our environment related efforts.

OBJECTIVES

We will ensure that our employees are at all times qualified to perform the environmental tasks in a responsible way.

We will continue our endeavors to anticipate how our activities may affect the environment.

We will continue our endeavors to identify environmental factors and/or risks as early as possible, in order to make decisions based on relevant facts and take proper actions.

RESPONSIBILITY AND ASSIGNMENTS

The Board of Management is responsible for the approval of the Environmental Policy and shall ensure that the Environmental policy statement is adhered to throughout the company.

The Board of Management and the divisional management shall observe the Environmental Policy. In liaison with Health, Safety & Quality, Management shall communicate the group objectives and ensure that they are met.

All relevant personal shall be familiar with the Environmental Policy in order to comply with the policy.

GENERAL
